AGO, May 21.—Judge C. C. Atty. in the United States District Court at St. Louis, in an opinion against the production in the States of Edmund Rostand's "Cyrano de Bergerac," in the suit brought by Richard Mansfield and Palmer by Samuel E. Gross of Chicago, in its order, ruled that the profits from the play, but not the circulation some time before the appearance of the celebrated French actor, were subject to injunction, as they were the basis of Rostand's work. In court numerous parallels, both of fact and of law, were drawn, the most important of the similarities in the two dramas was the woeing by the hero of his love from a balcony scene—made notable in Cyrano by Mansfield's production.

DENVER (Colo.) May 21.—Richard Mansfield, who has been in Chicago with orders for plays, and Chicago will in future be the center of another new industry."

**We Have Mastered Chronic Diseases.**  
You are suffering from any of the Chronic Diseases so prevalent among all classes, don't give up all hope because you have been treated by others in vain, but seek scientific and modern methods of treatment, such as are administered by the  
**Electro-Chemic Institute.**  
It will give you a correct diagnosis and a course of treatment to meet the exact demand of your affliction. In addition to a thorough personal, physical examination of all cases, the Electro-Chemic Institute employs the aid of that most powerful revealer of all hidden inner secrets—the X-Ray—which when used by competent, skilled hands of the examining physician insures a perfect and absolutely correct diagnosis. The Electro-Chemic Institute is successfully treating  
Cancer, Tuberculosis, Consumption, Catarrh, Asthma, Deafness, Rheumatism, Neuralgia, Piles, Fistula, Stricture, Varicocele, Diseases of the Kidneys, Liver, Stomach, Bowels, Bladder, Etc., Etc.  
Fistula, Hemorrhoids and Ulceration of the Rectum are instantly and permanently cured by the painless methods employed in treating such diseases by Electro-Chemistry. Cutting, no burning.  
CONSUMPTION—The Bacillus Tuberculosis, or germ of Consumption, is promptly killed and the tissues rebuilt by the most successful treatment yet discovered, which is administered by the Electro-Chemic Institute.  
CANCER—Cancer Glands cannot live under the powerful and destroying rays of the X-Ray, yet at the same time it heals the sore after destroying the germ, and the same relief, because the cause has been completely eradicated.  
TUBERCULOSIS—It is cured. No matter what part of the body it is located in, the Electro-Chemic special treatment gives perfect satisfaction by curing perfectly and permanently.  
SYPHILIS—Is treated by Electro-Chemistry in a manner which has won praise from all who have had cause to use it. The healing and nourishing electrical currents build up the system and open up the Eustachian Tube in the case of deafness. The relief is permanent and cure positive as long as there is any foundation to build upon. To all sufferers of ear troubles the Institute is a revelation. To come and examine our method of treatment.  
The demonstration of the X-Ray daily from 12:30 to 1:30. Office hours—9 a.m. to 7 p.m. daily. Sundays, 10 a.m. to 1 p.m.  
Separate Departments for Ladies and Gentlemen.

**THE PROFESSOR IS DENOUNCED.**  
Blamed by Olive Men for Big Losses.  
Health Officers Say He Was Wild.  
Hilgard's Copperas Recipe Has Made the Olive Trade Look S.ck.

Prof. E. W. Hilgard, active head of the agricultural department of the State University, who furnished olive packers and dealers in Southern California with the notorious copperas recipe for converting green olives into black ones, is roundly denounced by local growers and dealers and the Health Officer. He is held responsible to a great extent for the general falling off in the olive business that has been noticed not only here but in the East, and he is also charged with endangering the health of the public. Several Los Angeles people have been poisoned by his recipe.  
The local market as revealed in interviews with persons interested in the question is crippled, and consumers of the fruit are described as now feeling a great blunder which has already worked an incalculable injury to olive growers, dealers and consumers. It is difficult to overcome the public feeling on the question, but I think it is probable that there will be a repetition of the offense among olive dealers in the future. In the first place, this office is keeping a close watch on the retailer's supply, and now feels assured that only the uncolored olive is being sold in Los Angeles. More effective than this, however, is the use of the use of dyes, is the knowledge among dealers that such use will ruin the olive business, and now feels assured that only the uncolored olive is being sold in Los Angeles. More effective than this, however, is the use of the use of dyes, is the knowledge among dealers that such use will ruin the olive business, and now feels assured that only the uncolored olive is being sold in Los Angeles.  
C. H. Plummer, secretary and one of the promoters of the grocery firm of Anderson & Chanlor Company, who handles as large a quantity of olives as any other retailer in the city, and whose opinion on the subject of the business in general is regarded as expert, thinks that Prof. Hilgard's recipe for the poisonous coloring matter given the olive business a set-back which will require a year or two of pure product to overcome. "The professor's carelessness," said he, "has cost the thousands of dollars injury to olive growers in Southern California, and a great loss to those who have bought such a large amount of the colored article was on the market. At that time there were two large lots of colored olives in the market, and the olive dealers in the east in this city. They were about to place orders for shipments with olive growers here that had never before been approached to that extent in the State. After they had read in the paper some of the accounts of the tricks of olive oil dealers, they changed their minds and left without further considering the availability of this local product."  
This is really the first year that California has ever had a chance at eastern trade, as local product has heretofore been taken by Western States. Now the growers are ready for a larger market, as there is more than twice as large a yield as there has been in the best previous year of olive growing. It is doubtful, in spite of this, whether the shipment of dealers to the East will be as large as they were last year, and all on account of the ill-fame that has been given to the business by the people who made use of Prof. Hilgard's poisonous recipe.

**SAN FERNANDO'S LOSS.**  
Similar sentiments were uttered by George L. Arnold, secretary of the Olive Growers' Association, which has 1100 acres of olives in bearing in San Fernando Valley. This association has just begun to react out for eastern trade, but Mr. Arnold thinks that he will have to do some tall hustling if the influence of the State's agricultural expert is to be countered. "That was a bad break of the Berkeley man," said he, "and is sure to have a tremendous effect on the olive trade for a year at least. I am surprised that he should have made such a suggestion, for he has usually been very moderate, but his advice won't be as valuable hereafter as it has been. The fact that olive dealers here have used a poison to color their fruit has already been circulated among eastern buyers, who for the first time in the history of the business have looked to Southern California for a large supply, with the result that they are on their guard and will perhaps take only a small per cent. of what they otherwise would. California olives are sure to win out in the end and rival the Spanish and Italian product, but not if such blunders as Prof. Hilgard are allowed to occupy positions of influence."  
**"SERIOUS," SAYS MR. STORY.**  
F. Q. Story, president of the Chamber of Commerce, was moderate in his views, but he thinks that the agricultural adviser made a grave mistake. "Prof. Hilgard has been at the head of his department for many years," said he, "and has recognized his authority, but for that reason his error in giving the coloring recipe is all the more serious. It will undoubtedly injure the olive trade, for people are suspicious, and do not care to purchase from that man who has been so careless, and which they feel should be examined before they use it. The professor says that copperas is a tonic if

taken in small doses, and he advised the use of it that way, but the dealers have gone beyond his suggestions, and have colored their fruit so that it is not safe as a food. Undoubtedly a large share of the responsibility for this rests with Prof. Hilgard."  
**GREAT INITIATION.**  
Woodmen of the World to Make a Record With Class of Four Hundred—Fraternal Affairs.  
Local members of the Woodmen of the World are making elaborate preparations for the big initiatory ceremony in San Bernardino Saturday, June 14. There will be at least 400 initiated, and the event will probably be the most important in its way of any in Southern California. Members from all the camps in Southern California will be present and the event will open in the afternoon with a parade of 2000 Woodmen. Among other features it will contain a large number of typical floats and twenty degree teams in uniform. There will be a competitive drill by teams for the championship cup of the twelfth district. Four or five hundred Woodmen will attend from Los Angeles.  
The twelfth district convention of the Woodmen of the World will be held at Santa Barbara, June 18. The principal business will be the election of nine delegates to the head camp session at Cripple Creek, Colo., August 2. Los Angeles delegates will probably be pledged to support John H. Foley, clerk of La Fiesta Camp, for the office of Head Adviser.  
**FORESTERS OF AMERICA.**  
The various local courts of the Foresters of America will join this evening in a reception to be tendered John H. Foley, in the hall at 107 1/2 North Main street. He was recently elected Grand Senior Woodward of the order, and is the first high official this order the State has had for ten years or more.  
**FRATERNAL BROTHERHOOD.**  
The Golden Hour Club of the Fraternal Brotherhood will meet today at 2 o'clock in Brent's Hall.  
**THE FORESTERS.**  
H. A. Collins, Supreme Treasurer of the order, who is still visiting in this State in order to attend the Shriners' convocation in San Francisco, will be in this city next week on a round of visits to the local courts.  
**MODERN WOODMEN.**  
Next Saturday night Pacific Camp of the Modern Woodmen expects to initiate a class of at least forty candidates in the hall at 12 1/2 West First street.

**DANGEROUS FIRE.**  
Blaze in Mechanical Department of Hoegge Store, Near Ammunition Room. Good Work of Firemen.  
The mechanical department of the W. H. Hoegge Company, No. 138 to 142 South Main street, was seriously damaged last night at 11 o'clock by a highly inflammable material. The fire was confined to the room in which it originated, and the fire department prevented the spread of the flames into the immense main store and adjacent places of business. The fire was caused by a small fire in a machine which was being repaired, and the fire department prevented the spread of the flames into the immense main store and adjacent places of business. The fire was caused by a small fire in a machine which was being repaired, and the fire department prevented the spread of the flames into the immense main store and adjacent places of business.  
There was no fire in the place when the workers closed the store last night, and half an hour before the blaze was discovered the night watchman, J. F. Hesel, made his rounds. He heard several reports like pistol shots in the gun room. About 11 o'clock while Hesel was in the office, he heard several reports like pistol shots in the gun room. About 11 o'clock while Hesel was in the office, he heard several reports like pistol shots in the gun room. About 11 o'clock while Hesel was in the office, he heard several reports like pistol shots in the gun room.  
The noise which attracted Hesel's attention was caused by the explosion of a few loose cartridges which had been stored in the gun room. Not far from this room was stored a large quantity of ammunition, and had the fire reached this room it would have been a disaster. The fire was caused by a small fire in a machine which was being repaired, and the fire department prevented the spread of the flames into the immense main store and adjacent places of business.

**STREET-CAR TRANSFERS.**  
Get on the Car at the Right Place or Your Transfer Will Not Be Honored Hereafter.  
"Notice to passengers: Transfers are good only at transfer points." Thus reads a new and prominent placard which has been placed in the cars of the Los Angeles Railway Company this week. All transfers state on their face that they are "good for one continuous trip only at point of transfer punched in margin," but according to the tales street-car conductors, a little clause like that doesn't hurt a bit.  
It has come to be a regular thing for some people—enough to make it considerable of an annoyance to the street railway company—to come down town on one car, secure a transfer, say south on Spring street, and on the basis of this bit of paper do a good share of their morning's business. They wait until a well-filled car comes along, board it at the end farthest from conductor, and drop off the car down the line somewhere before the conductor takes up their transfer.  
Here they transact what business they can and take another south-bound car, and the Ninth Avenue conductor, who usually takes the transfer and passes on rather than cause a disturbance on his car.  
It is said that this and similar schemes have been worked systematically.

**HETTY GREEN DISCOUNTED.**  
By Woman Financier of Los Angeles.  
Placed Dozen Liens on Same Property.  
Champion Mortgager Worked Local Loan Brokers With Help of "Babe."

"Mrs. Margaret West, steamstress," yesterday applied to R. E. Muncy of this city for a loan of \$100 on the furnishings of her six-room cottage at No. 328 South Thomas street, East Los Angeles. Mr. Muncy did not loan the money, for he happened to consult the chattel-mortgage records at the Court-house, and this is what he found:  
**HER MORTGAGE LIST.**  
Mrs. Margaret West to W. A. Snedeker, to secure note for \$65 and interest at 4 per cent. a month, payable thirty days from date.  
Mrs. Margaret West to Theodore J. Bernier, February 19, 1901, to secure \$200 at 2 per cent. a month, payable six months from date. Satisfied February 1, 1902.  
Mrs. Margaret West to Sarah A. Reed, August 14, 1901, to secure \$100 at 15 per cent. a year, payable six months after date. Satisfied November 11, 1901.  
Mrs. Margaret West to Joseph Chamblin, February 19, 1901, to secure \$100 at 2 per cent. a month, payable six months from date. Satisfied February 1, 1902.  
Mrs. Margaret West to W. G. Baylie, January 17, 1902, to secure \$150 at 5 per cent. a month, payable one month after date.  
Mary and William West to A. M. Eisworth, February 14, 1902, to secure \$100 at 5 per cent. a month, payable one month after date.  
Mrs. Margaret West to Mrs. E. M. Barr, February 26, 1902, to secure \$150 at 14 per cent. a month. Satisfied March 21, 1902.  
Mrs. Margaret West to E. P. Harlan, February 26, 1902, to secure \$150 at 14 per cent. a month. Satisfied March 21, 1902.  
Mrs. M. T. West to E. P. Harlan, March 21, 1902, to secure \$55 at 5 per cent. a month, payable six months after date.  
L. A. West to E. H. Bresser, May 6, 1902, to secure \$150 at 5 per cent. a month.  
Mrs. Margaret Brown to John W. Neighbour, May 14, 1902, to secure \$170 at 5 per cent. a month, payable six months from date.  
Lillie A. West to W. T. Edwards, March 15, 1902, to secure \$150 at 5 per cent. a month.

**ALL ON THIS PROPERTY.**  
The property scheduled in all these mortgages consists of the following: Red brick house, gray marble ("Babe") bay built, set with marble, two bathrooms, carpeted, four lap robes, Kimball organ, go-cart, oak bedroom set, Brussels carpet, art glass, home sewing machine, six high-back oak chairs, set China dishes, coal and wood stove, gas range, oak refrigerator, two white iron beds, punchbowl set, wine set, an electric motor and other items.  
The gray mare, the brindle cow and all have been mortgaged every time. **TWELVE LIENS ON SAME GOODS.**  
Mrs. West is the J. Pierpont Morgan of her sex when it comes to floating loans. The above list of property is the official records reveal a remarkable story of manipulation. She has placed no less than twelve liens against the same property, and the records show not half of these satisfied. There has never been a foreclosure, and although the property is mortgaged to the hilt, she has kept them in blissful ignorance. The above list of property is the official records reveal a remarkable story of manipulation. She has placed no less than twelve liens against the same property, and the records show not half of these satisfied. There has never been a foreclosure, and although the property is mortgaged to the hilt, she has kept them in blissful ignorance.  
The last clause in each chattel-mortgage blank is the statement of the mortgagor that there exists no other lien or claim against the property involved, and although Mrs. West has sworn to this at least a dozen times, she has not kept her word. On one occasion a lender discovered that he held only an eighth mortgage on an hour after he had paid her over \$150. He threatened prosecution if the money was not immediately repaid, but Mrs. West was not at all disconcerted. She merely went away and negotiated two more loans and repaid the money.  
"francier" does not look at all like a remarkable woman. She appears the innocent and overworked housewife, small and slight, with steel-blue eyes and prominent front teeth. She is the mother of four children, the eldest a girl of 16. Her husband has been a molder in the employ of the Llewellyn Iron Works. The family occupies a pretty well-furnished cottage at No. 328 South Thomas street, just west of Eastlake Park. Mrs. West was found there yesterday, but did not appear anxious to have her exploits in the financial world published. She modestly disclaimed right to any credit for having fooled a dozen loan officers, and resented the reporter's compliments on that score.

**WHAT SHE SAID.**  
"I haven't got but one mortgage on this property now," said she, "and it isn't anybody else's business if I had a dozen."  
"But the records show that only a few of them are satisfied," ventured the investigator.  
"I can't help what the records don't show."  
"But you had to swear the property was free from other incumbrance to apply for a mortgage," said he.  
"Yes, but I just wanted that money to pay off another mortgage held by W. T. Edwards."  
Then she went on to tell of her borrowing career.  
"You know when I first had to borrow money," she began, "I did not know much about interest, and I was charged 10 per cent. a month. Then I found a place where I could get money for 6 per cent. so I borrowed more money to pay off the mortgage drawing the high interest. Since then I have found where I could borrow still cheaper, and so I have gradually reduced the rate for my money."  
"The money I tried to secure from Mr. Muncy I intended to use in paying off W. T. Edwards. When my husband will start out with a hay press, and as that business will pay him from \$25 to \$30

**JIM GRAY REALLY HAS GONE TO WORK.**  
The above snapshot, catching him right in the act, was secured yesterday by a Times artist. The former chief trouble-mixer and strike-promoter of the County Council of Labor, having been fired from the office which paid him from \$5 to \$15 a day, had really gone to work earning an honest living, like the most of the rest of us. He is employed at Alexander & Bayler's planing mill, making window frames. If he sticks to his job, does his work faithfully and refrains in the future from lawlessness, Gray will be entitled to and will receive the respect and

**DR. HAZARD SWELLS HIS GIFT TO U.S.C.**  
**FOUR THOUSAND DOLLARS MORE FOR THE GOOD WORK.**  
Students Enthusiastic Over Climax to Ceremonies Attendant on Hanging of Portraits of Pioneers in Higher Education in Los Angeles.  
Yesterday was another happy day in the experience of the students and friends of the University of Southern California. With appropriate ceremonies the portraits of Dr. M. M. Bovard, Dr. A. M. Hough and Dr. George Cochran were accepted by the university, and hung on the walls of the chapel, and then to cap the climax Dr. A. C. Hazard made an address to the spirit of the occasion that he presented the institution with an additional \$4000, making \$20,000 he has contributed to help carry on the good work these pioneers of higher education in Southern California so well began.

Large portraits of Dr. Hough and Dr. Cochran and the full figure of Dr. Bovard had been painted in oil and were among the most treasured possessions of their families; but upon earnest solicitation of friends of the college these valuable paintings, together with that of Mrs. Hough, were given over to the school. This quartet is largely responsible for the present prosperity of U.S.C. Dr. Cochran was for several years dean of the college of liberal arts. Dr. Hough and wife were among the first who proposed the founding of the university. They assisted faithfully in the early days and have been its largest benefactors. Dr. M. M. Bovard was the first president of the university and a man of unusual worth. Dean Randall proposed to have these paintings in the chapel and arranged an elaborate programme in honor of the men and women.

At 10 o'clock a.m. all the college students and many prominent visitors, some of whom came from surrounding towns, gathered in the chapel, filling it to its utmost capacity. The wives of the men, representatives of the board of trustees, the speakers of the occasion and several benefactors of the university, were seated on the platform. After a pipe-organ voluteers by Prof. W. F. Skeele, dean of the College of Music, the devotional exercises were conducted by Dr. Patterson. Dean Randall then made an address to the donors of the paintings in the name of the University of Southern California. Prof. T. G. Cole, representing the faculty, followed with an encomium of the life of Dr. M. M. Bovard, and then the speaker expressed the appreciation of the student body for the magnificent gifts.

President Elmer Bovard, a member of the first class of graduates, was present and spoke for the alumni. In his remarks he reviewed the growth of the school and the city. When the institution was first opened it was so far from the center of town that many thought it could never succeed. "At that time," said the speaker, "there was nothing at all south of Fifth street. Now we are within a few minutes' walk of the best residence street of

**WAR ON BUCKET SHOPS.**  
NEW YORK, May 21.—Owing to the success of the Chicago Board of Trade in its efforts to eliminate bucket shops in its efforts to eliminate bucket shops in the west, a committee of the board, gained greatly in this section. On Monday morning the New York Cotton Exchange will act on a resolution amending its rules so that no member of the exchange who shall be interested in buying or selling "at" shall act as the representative, or who shall knowingly execute any order or orders for the account of a bucket shop, shall be expelled.

the city and have three street car lines practically at our door."  
Dr. Healy and Knight represented the trustees, the latter having been a member of the board from the very first. Rev. Dr. Knight's speech was the hit of the day. It reached its climax when he announced that Dr. A. C. Hazard had pledged \$20,000 more to the university fund. Then cheers that made the rafters rattle greeted him from the assembled students, whose enthusiasm ran riot for several minutes.  
Dr. Hazard had been sitting beside Dr. Knight on the platform and was visibly much affected by the occasion. He leaned over to Dr. Knight and said: "I know of no better way to invest my money than by using it to assist in carrying out this noble work." Dr. Hazard was led to the front of the platform and made an earnest appeal to the young men and women. His remarks were listened to with rapt attention.  
At the close of the programme, the students were presented to Mrs. Hough, the wives of President Bovard and Dean Cochran and to Dr. Hazard.

**GIRARD MEMORIAL.**  
Gathering in Honor of Great Philanthropist Last Night at Turn-Verein Hall.  
The one hundred and fifty-second anniversary of the birth of Stephen Girard, the philanthropist, was observed last night by a gathering in the Turn-Verein Hall, under the auspices of the Liberal Club of Los Angeles.  
The meeting was presided over by Prof. W. C. Bowman. Mrs. J. V. Akroy, accompanied by Miss Anna Alex, and after readings by Miss Laura Colton, the address of the evening was given by Prof. Bowman. Reviewing the prominent points in Girard's career, the speaker termed the philanthropist a unique character, somewhat grotesque, and one of the most interesting and conspicuous figures in American history. His many virtues were pointed out, and his character was one of difficult analysis. Yet his generosity and patriotism were unbounded.  
Prof. Bowman delivered an appeal for toleration and liberalism, and commended to his hearers the virtues of patriotism and philanthropy so prominently exemplified by Stephen Girard. The hall was well filled and the speakers were warmly applauded. This was the first Girard memorial ever held in Los Angeles.

**WORKHOUSE TRAGEDY.**  
CANTON (O.) May 21.—At the County Workhouse (this morning Charles Gigante, a prisoner, snatched a revolver from a new guard as the latter was passing through the pipe and shot and instantly killed George Jacobs, a former guard but lately foreman of the workhouse. Several guards fired at Homer Stone, a guard, inflicting two wounds, from which he will likely die. Several guards closed in on Gigante and filled him with lead. There is no chance of his recovery.  
**WAR ON BUCKET SHOPS.**  
NEW YORK, May 21.—Owing to the success of the Chicago Board of Trade in its efforts to eliminate bucket shops in its efforts to eliminate bucket shops in the west, a committee of the board, gained greatly in this section. On Monday morning the New York Cotton Exchange will act on a resolution amending its rules so that no member of the exchange who shall be interested in buying or selling "at" shall act as the representative, or who shall knowingly execute any order or orders for the account of a bucket shop, shall be expelled.

# Orange County Towns: Santa Ana and Fullerton, Ventura and Santa Barbara.

[NEWS REPORTS FROM TIMES CORRESPONDENTS.]

## SANTA ANA LIBRARY WILL BE A BEAUTY.

PLANS OF THE MISSION STYLE ARE ACCEPTED.

Los Angeles Mining Man, T. C. Williams, Accidentally Shot in Silverado Canyon and in Precarious Condition—Large Catches of Mackerel.

**SANTA ANA, May 21.**—The Free Public Library trustees have accepted the plans of Burnham & Hensley and Bither of this city for the Carnegie building. The new library building, for which Andrew Carnegie gives \$15,000, will be a handsome structure, of the mission style of architecture, with an elevation of about forty feet, tiled roof, brick walls cemented on exterior, red oak interior finishing, and heavy concrete steps. There will be a large basement for a newspaper reading room, and on the main floor there will be stack room for 50,000 volumes.

The library trustees effected organization by electing C. D. Ball, president; W. M. Smith, vice president, and C. S. Crookshank, secretary. In accordance with the new library law, which provides that one of the trustees shall retire at the end of the first year, two at the end of two, and two at the end of three, lots were drawn to determine the period, which the several members shall serve, which resulted as follows: W. M. Smith, one year; H. J. Forgy and C. S. Crookshank, two; J. P. Greasley and C. D. Ball, three years.

**LOS ANGELES MAY SHOT.**  
T. C. Williams, a Los Angeles mining man, was accidentally shot late yesterday afternoon at the Santa Rosa mine, in Silverado Canyon. Williams came from Los Angeles yesterday, and was driven to the mines in the canyon, arriving about 6 o'clock in the evening. After supper several of the party were examining pistols which Williams brought to the mine, and while a 2-caliber hammerless was handled, the accident occurred. A man called "Dick" had the pistol in his hands, and it was discharged while it happened to be pointed in the direction of Williams. The ball entered his right side and for a time it was believed the wound would prove fatal.

Williams was hurriedly brought to the local hospital. Physicians endeavored to locate the bullet, but without avail, and there is fear that the leaden missile penetrated the left lung. This morning A. A. Hopkins, Williams's Los

angeles partner, arrived and is with him. This afternoon his condition seems favorable to recovery, though still precarious.

**W.C.T.U. CONVENTION.**  
The sessions of the annual W.C.T.U. convention of Orange county, held at the First Methodist Church the past two days, have been largely attended and unusual interest has been manifested.

Reports were had yesterday from the different departments showing that much was accomplished the past year in this county. In the evening the medal contest was held under the supervision of Miss Agnes Foote of Pasadena. There were six contestants, Charles Johnson, Whittier, Miss Mary Cooper of Tustin, Harold Lucas of Glendale, George Pearson of Pasadena. The gold medal was awarded to Harold Lucas of Pasadena. Miss Mary Cooper of Tustin being a close second for the honor.

**SANTA ANA BREVITIES.**  
The Santa Ana High School class of 1924 elected R. O. Meyer, president; Edith Shatto, vice-president; Mary J. Wakeham, secretary; W. Carson Collins, treasurer; Harry Rice, corresponding secretary; Candace E. Rice, historian; John Collins, poet; Harry Blue, Carson Collins, W. B. Jones, Marian Hill and Mabel Freeman, Executive Committee.

Residents in the vicinity of East First street, near the Santa Fe railroad, have sold on commission a fund to be used in constructing a ce-

lished, to be known as Bolsa precinct. It is taken from Newhope, Westminster and Garden Grove precincts.

Over five hundred pounds of mackerel were taken with rod and reel at Newport Beach Monday afternoon. Large catches were made yesterday.

Arrangements have been made for a game of baseball Sunday afternoon on the local diamond between the Orange County and San Diego clubs.

Mrs. H. Fuller, who has been visiting her parents, Judge and Mrs. J. W. Ballard, for a year, left yesterday for her home in Chicago.

Miss Carrie Hill, daughter of Mr. and Mrs. F. J. Hill, has won the Levi Strauss scholarship at Berkeley.

Miss Agnes Foote of Pasadena is a guest at the home of Mr. and Mrs. Robert McFadden.

Miss Lillian Sheridan returned today from Los Angeles, where she has been visiting friends.

Thomas R. Ecklin and wife, of Santa Barbara, are spending a few days here.

F. H. Niles has returned from a visit of several weeks at Long Beach.

**FULLERTON.**  
HIGH ORANGE SALE.  
FULLERTON, May 21.—Returns just received show one of the best orange sales from Orange county this season.

The fruit—St. Michaels—was from the R. H. Gilman orchards in Placentia and was sold on commission by the Earl Fruit Company. The Gilman crop

was very high figures, but the return received Tuesday for a car of 242 boxes netted \$176.50 above all expenses, and this is considered a crackjack sale of the season here.

H. W. Woodruff, who has been a member of the Fullerton Masonic Building Association has elected E. R. Amerigo, president; J. F. Davis, vice-president; G. C. Clark, secretary. First National Bank, treasurer; E. R. Amerigo, J. F. Davis, G. C. Clark, H. C. Head and William Bernickson, directors.

Rev. and Mrs. J. C. Gowan have moved to the new Methodist parsonage on West Commonwealth avenue.

Clay Crow, who has been a few months ago visiting his friend, Clay Crow, writes that he will sell his property at once in Salt Lake City, Utah, and come to Fullerton to reside.

There is another slump in the cabbage market. The output from Fullerton, about four carloads, went to the Earl Fruit Company, the highest bidder, at \$7.50 a ton. The early cabbage, about four carloads, went to the Earl Fruit Company, the highest bidder, at \$7.50 a ton. The early cabbage, about four carloads, went to the Earl Fruit Company, the highest bidder, at \$7.50 a ton.

A new voting precinct was established in this section. The irrigation company will bear the remainder of the expense, which will be about \$800.

A party consisting of Mr. and Mrs. Sherman Stevens, and Mrs. Hyatt and Miss Hyatt of Tustin, and Mr. and Mrs. H. E. Turner, Mrs. Alice Harris, Miss Caroline Davis of this city, and Miss Kate I. Garnett of Los Angeles, went to Laguna Beach yesterday for a week's outing.

Urah L. Shaffer of West Orange, died at his residence yesterday evening, aged 82 years. Deceased was a native of Virginia and a pioneer resident of Orange. He had extensive realty holdings in the Santa Ana Valley.

Fred C. Batten, accompanied by John Ball, who has been staying in the City Court last evening, the ordinance was passed to its second reading, granting the Salt Lake Railroad a franchise for a right-of-way through the city, over the route previously outlined.

Arthur Ocheltree and Mrs. Cora B. McKnight were married last evening in Los Angeles by Rev. W. Tinker. After a short wedding trip to San Francisco, Mr. and Mrs. Ocheltree will take up their residence here.

Miss Brown and Mrs. L. V. Brown entertained a company of lady friends yesterday afternoon at the Anchorage, the time being devoted to military euche.

R. B. Bush, Francis Cuttle and W. B. Wilson were returned from a trip northward by boat. The return voyage was a rough one.

## VENTURA COUNTY. EXCITING CAR FIRE.

VENTURA, May 21.—There was great excitement at the Southern Pacific depot early this morning, when a large Santa Fe box car was totally destroyed by fire. It was discovered by the trainmen on train No. 4, which was running as a special, and arrived here at 3:30 o'clock. They gave five long toots and the fire alarm was turned in. The trainmen were also alerted. The engine and two cars were quickly uncoupled, and while the car was a mass of flames they coupled to it and there was a race for over a half a mile to the siding east of the depot. Burning timbers were falling along the line. It was thought that another car would have been sacrificed, as the flames were so hot that it was dangerous to uncouple the car. The trainmen successfully doused the car and pulled the hot pin out. The car was then allowed to burn.

Worshipful Master Starkweather was on the ground with a gang of men covering the main train with dirt. The car was first run to the siding east of the depot. Burning timbers were falling along the line. It was thought that another car would have been sacrificed, as the flames were so hot that it was dangerous to uncouple the car. The trainmen successfully doused the car and pulled the hot pin out. The car was then allowed to burn.

**FULLERTON BREVITIES.**  
Past President, Maj. F. S. Carr, Worthy President, R. B. Haydock, Worthy Vice-President, L. W. Stewart, Worthy Chaplain, L. E. Hoffman, Worthy Secretary, J. R. Cobbett, Worthy Treasurer, L. Lehmann, Worthy Conductor, R. Hoffman, David G. Clark, H. C. Head and William Bernickson, directors.

**OXNARD.**  
NEW LODGE.  
OXNARD, May 21.—Last night a meeting was held in the Masonic Temple, looking toward the organization of an order of the Fraternal Order of Eagles in this city. A petition has been circulated, and 100 men have signed their intention of joining. The Eagles lodge will come thirty strong Saturday, and initiate a band which will serve the visitors and new Eagles. Last night's meeting nominating officers to be installed by the visiting lodge, as follows:

Worthy President, R. B. Haydock, Worthy Vice-President, L. W. Stewart, Worthy Chaplain, L. E. Hoffman, Worthy Secretary, J. R. Cobbett, Worthy Treasurer, L. Lehmann, Worthy Conductor, R. Hoffman, David G. Clark, H. C. Head and William Bernickson, directors.

**CLARK L. THOMPSON** gave her picture play, "Little Chinnick," to a fair-sized audience at the Masonic Temple last evening.

Myers & Abplanalp have the contract for the new Christian Church, which is being rapidly built.

Bowling is receiving a great deal of attention here and splendid scores are made by novices.

## SMALLPOX HANDSHAKE.

Ventura County's Health Officials Accused of Gross Laxity.

(SPECIAL CORRESPONDENCE.)  
EL RIO, May 21.—Several cases of smallpox have appeared here, and the situation is such that a general outbreak would be no surprise. Loud complaint is made because the county health officials are so lax that no protection is afforded.

The quarantine is a farce; the guard watches by day, but at night the patient is free to do as he wishes. This morning a patient was seen greeting a neighbor with a handshake.

Today a so-called quarantine was put on a boarding house. Afterward a meat wagon drove up and three or more people came out to buy, exposing the driver, and through him and the meat, others. The guard walked up and down on the other side of the street.

**ONE MAN SAVED.**  
From a wreck will attract the world's attention to the life-saver. Yet let the life-saver be continued every day, and very soon it attracts no public attention.

From the scene of the saving of one life by that life-saving remedy, Dr. Pierce's Golden Medical Discovery, could be made to stand out alone, like a picture on a screen, it would attract the notice of the whole nation.

By a curious contradiction the very frequency with which the "Discovery" saves life, robs the fact of general interest. For obstinate coughs, bronchitis, and other diseases of the respiratory organs, "Golden Medical Discovery" is the one medicine which offers certain help, and almost certain cure. It contains neither alcohol nor narcotics.

"Only Dr. Pierce's Golden Medical Discovery I think would be in my grave today," writes Mr. Moses Miles of Highland, Utah Co., Wyoming. "I had asthma for years, and was compelled to give up work. It affected my lungs so that I coughed all the time, had no sleep, and I thought I had consumed my life. My wife insisted on my trying 'Golden Medical Discovery.' I have taken four bottles and am now a well man, weighing 155 pounds—thanks to Dr. Pierce."

The People's Common Sense Medical Adviser in paper covers, is sent free on receipt of 21 one-cent stamps to pay the cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## SANTA BARBARA COUNTY. IMMENSE RANCH INVOLVED.

SANTA BARBARA, May 21.—A suit involving title to 20,000 acres of land in the vicinity of Los Alamos and known as the Brinkerhoff ranch, is being tried in the Superior Court. Fraud and collusion in connection with a recent transfer of the property are charged. The parties involved are Mrs. Teresa Bell, widow of Thomas Bell, and special administrator of the estate, and Louisa J. Thompson, the latter being defendant.

After the death of Bell three executors were appointed, two of whom soon resigned, leaving George Staack as the sole executor. The estate was heavily mortgaged, and in time foreclosure proceedings were instituted and the ranch fell into the possession of defendant for \$53,000. Mrs. Bell contends that the property was worth more than twice that, and that Staack disposed of it under a secret understanding.

In which Mrs. Bell and Mrs. Thompson derived great benefit at the expense of the estate. Formal charges were entered against Staack in the Superior Court at San Francisco, resulting in his removal from the executorship, and the appointment of Mrs. Bell. Since that time there has been much litigation over one point or another, and now the widow seeks to have the court set aside the decree of foreclosure and the confirmation of sale.

**SANTA BARBARA BREVITIES.**  
Miss Ida Merritt, daughter of Assemblyman C. N. Merritt, a public-school teacher, has been granted one of three Columbia College scholarships assigned to this state for work while a student at the San Diego Normal School. Miss Merritt's course at Columbia will commence next fall.

Miss Contance left today for Los Angeles, where she will remain for a year receiving violin instructions from Scribner Royce, a gunner during the Spanish War, well known here, left yesterday for Arizona, having spent several days in this city.

Charles and Dudley Bigelow of Phoenix, Ariz., are guests in Santa Barbara. Miss Grace Cory of Santa Ana, daughter of Rev. Mr. Cory, formerly of this city, is the guest of Miss Ida Hayman.

A marriage license was issued yesterday to Benjamin L. Sprague and Evelyn McBride, both of Carpinteria, and to J. L. Cook has gone to Oregon to spend a short vacation.

Mrs. H. C. Lombard of Pittsburgh and C. L. Holmes and wife of Waterbury, Ct., are registered at the Arlington.

## Catarh of the Bladder.

Is a very common disease in both sexes; causes frequent urination, by which in time you lose control and ability to retain; causes irritation at the neck of the bladder; causes mucus in the urine resembling brick dust or thick whitish deposits. Old chronic irritation and frequent inflammations of the bladder are apt to result in chronic irritation and thickening of the mucous membrane of the bladder, urethra and prostate glands. There is a frequent desire to urinate, the fluid is forcibly expelled, and the patient is unable to hold his urine. The passage is attended with aching, burning, or spasmodic pain. All of which can be removed by taking S. B. CATARRH CURE, which is a positive uric acid solvent. Prescribed by all druggists. Write for a free pamphlet. Address Smith Bros., Fresno, Cal.

## CATUCOS.

**NEWS NOTES.**  
CATUCOS, May 21.—The ocean was so rough for two days that steamers could not dock at this port. On Monday all butter for southern points was taken by wagon to San Luis Obispo and forwarded by rail.

The remains of Joseph H. Sanders, late of Catucos, were interred at San Luis Obispo Saturday. He obtained from the Park Commissioners a concession to run a hotel in Yosemite Valley, which he had recently opened, and where he died of typhoid fever after a very brief illness.

An effort is being made here, though it may be only fireworks and a dance for nearly a week.

Tom Sanders of Bakersfield is here on a visit with his mother. The early transient seaside visitors are arriving, betokening a lively season at the beach.

If you have anything to sell, to exchange, or want anything in the wide world, put a "Liner" in The Times. Run a real word-of-mouth campaign; minimum charge, 15 cents.

to must reduce our stock. It is a collection of Eggs, Baiting, genuine Oriental Baiting, all fancy corks, Cans, and rich Souvenirs, Baiting, and Goods—Oriental baiting. My special request from customers many beautiful Eggs.

Prof. Graham or one of the members of the Board of Education will present the diploma. The High School and Choral Clubs will furnish music. Rev. Robert J. Burdette will deliver the baccalaureate sermon at the Protestant Church on the evening of June 15. Last year's graduating class numbered forty members.

There will be seventeen members of the graduating class of the academic department of Throp Institute, if no body "dinks." They are Freshmen.

from six to seven days and moult three times before arriving at maturity, which period is about twenty-two days. Following for variations the period from the depositing of the egg to the laying of another by the insect, the range reduced ranges from twenty to thirty days. These data are valuable to the horticulturist, as he is now in a position to find that will destroy the eggs, giving a correct idea of the best times for spraying to kill the insects.

III In Berkeley.

**LONG BEACH BREVITIES.**

President P. E. Hatch of the Long Beach Board of Education returned from an outing spent in Santa Ana Cañon.

E. B. Cushman returned this morning from the California Division Campment of the Sons of Veterans in San Francisco. Mrs. Cushman's father, Samuel Bunker, is critically ill in Berkeley.

second for the liquid which is made during the hot months of summer. A meeting of the West Side Spany was held yesterday afternoon, at which the question of further development was thoroughly discussed. A number of directors, it was learned, that more boring or more tunneling must be done about Devil's Den, some five miles north of the city, or at least in the vicinity of the city.

Braddock, J. O. Cass, John Erickson, Lewis Oldlands, Porter Gould, Benajah Hackel, James Hoove, Rodman Jerauld, Royal Leachey, Eva Linde, Alvin Phillips, Charles J. Schmitt, Ed Sellwell, James Twedy, Mabel Webster, Hippa Wood and Fred Woodbury. The report of the directors, it was learned, was that more boring or more tunneling must be done about Devil's Den, some five miles north of the city, or at least in the vicinity of the city.

three sprayings were recommended. The first two were made on the third and fourth days of the week. The third two weeks later, it has not been demonstrated that the dry sulphur and the other chemicals used in the greenhouses is effective in destroying these spiders. The rate of reproduction is very rapid. From their observations Prof. Woodbury estimated that without molestation one spider in four months will increase to 1,000,000. Five or six specimens were secured.

Mrs. M. S. Julian is spending a month in San Diego county.

Mrs. Eurette Grobeck, who has been in Long Beach for eighteen months, is about to return to her home in Grand Rapids Mich.

## PO-MELON Or Grape Fruit Bitters.

Do you ever stop to think of what some patent medicines sold as tonics are made? You have seen those that advertise, yet their label tells that they will help you. They do not build up—they tear down the physical structure. Every Californian knows what the Grape Fruit (pomelo) is, and something of its medicinal properties. "Po-melon" is a concentrated juice of the grape fruit scientifically prepared, and is absolutely the greatest vitality tonic known. It increases appetite and aids digestion, and may be taken at all times and with equal benefit by young and old. Po-melon received award of merit at Pan-American Exposition. This matchless tonic is put up in large 16 oz. glass bottles and small 8 oz. bottles. It will be placed on special sale in our drug department with a limit of two bottles to a customer, at per bottle
